THE TRUE DIGESTIVE FLUID OR. GASTRIC JUICE.

Prepared from RENNET, or the fourth STOMAGE OF THE OR, after directions of BARON LIVESON, the great Physiological chemist, by J.S. HOUDITON M. D. Philad iphis, Pannsylvania.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Juandice, liver complaint, constipation, and Debility, curring after Nature's own method, by Nature's own Agent, the Gastric Juice.

3. FHalf a teaspoonful of Presen, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

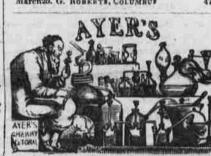

PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving, and attinulating Agent of the atomach and latestines. It is extracted from the digestive stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the psins and evils of indigestion and dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspeptics, curing cases of Debility, emaciation, nervous decline and dyspeptic consumption, supposed to be on the verge of the grave. The Scientific evidence upon which it is based, is in the highest degree curious and remarkable.

Many years of trial, in the and of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguins expectations of its friends. Land we but its net rinsic virtues and the unnutralable beneated in the institution of the unnutralable beneated. The inside virtues and the unnutralable beneated and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the CHERRY PECTORAL does not only as a general thing, but almost invariably, cure the maladice for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country. In every State, city, and in deed almost every hamled it contains, CHERRY FROMAL is known as the best remedy extant for diseases of the Threat and Lungs, and in many forcigit countries, it is coming to be extensively used by their most intellige at Physicians in Great Britian, France and Germany, where the medical science have reached their highest perfection, CHERRY FROMAL is in troduced, and in constant use in the Armies, Hospitals.
